

AGO MOSQUITO TRAP REPLACEMENT GLUE BOARDS

Specially formulated adhesive designed to catch female mosquitoes during the breeding cycle. Proven successful in testing by Centers for Disease Control and Prevention, the CDC actively uses Catchmaster® AGO Trap Replacement Glue Boards in numerous mosquito monitoring and population reduction programs.

For best results, install the replacement glue board into an AGO trap. Intended for outdoor use where mosquito populations are prevalent. Compatible with Catchmaster Ovi-Catch™ Mosquito Trap, CDC-AGO Trap, and other similar traps.

Replacement Glue Board designed to fit AGO traps

Adhesive designed to catch mosquitoes

Item # 32AGO
Packed 192 Replacements per Case (48 Replacements per Inner Box)
